you sweet too.

To Mary.
a very very sweet
crazy gal but I still
like to be around.
I'll really miss ya
when I move. You
can be rotten sometimes
but I still like ya.

Love ya

To Mary
a very, very,
very, very
sweet girl,
and neat
to be around
Sometimes you
can be mean
but most of
the time you
are very, very,
very, very
sweet may
God bless you!!

FACULTY

The Grade School Faculty

In order to be a teacher,
It takes a lot of patience,
Understanding, and hard work.
They keep the students,
In the best of humor,
So that they can learn more.
They do all they can,
To teach about life's plan.
In each day of work,
They learn how to make students perk.
When the school year is through,
They know that the students can do,
Whatever they desire.
This is what we admire,
That a teacher's work is never done,
But we appreciate them one by one.

FRESHMEN

The freshmen had the same problems as all underclassmen this year, including getting picked on, and all other nice little things that juniors and seniors do to them during their first year in high school. All in all, it seems that they had a pretty decent year.

Yearbook Queen

Dana Sparkman

One of the big problems that faces the yearbook staff each year is subscription time. To create interest among the yearbook staff we have a contest selling yearbooks. This year Dana Sparkman is our yearbook Queen. She received this title by selling the most subscriptions. We are proud of her accomplishments, and hope she keeps up the good work.

Christina Alday

Christina Alday

Christina is the first exchange student that we have had in our school who speaks very little English. She has worked very diligently trying to understand her teachers and her school friends and tyring to express herself to them. Christina's American mother for three months has been Bo Franks, custodian in our school. Christina is from a small village outside of Cartagena, Columbia.

Jill Ostrand

Jill was a student in our school in 1976. She was from Sao Paulo, Brazil. Jill's American parents were Harry and Nadine Wilkinson with whom she is pictured. Jill learned much about the American life style while she was here, but we learned much about her country's life style also.

STUDENT COUNCIL

Student Council members are elected to represent their class or organization. The Student Council has a suggestion box in the hall. Students put their suggestions in the box and the Student Council reviews these suggestions. If they feel that it is a good suggestion they will take it to the principal for his consideration. In this way students can voice their opinions on different phases of their school.

The Student Council also sponsors the Student Lounge. The lounge is open at noon for the students entertainment. The lounge has a juke box, a foosball table, two ping pong machines, a pool table, 2 pin ball tables, and many table games. We appreciate them.

Participation in 4-H events is good this year. Everyone is interested in getting involved, and sharing good clean fun with each other. 4-H Clubs are striving to make this world a better place to live in. All 4-H projects teach a 4—Her to be responsible. All 4-Hers are backed by their parents. Parents are a very important part of 4-H, and all 4-H members appreciate their help.

A major part of the Keyes Sr. 4-H Club had a part in the act, "Down On the Corner." After winning the county Share the Fun, "Down On the Corner" was taken to the Northwest district Share the Fun where it won first place again. It will now be presented at the state Share the Fun during Roundup. This is the first time in history that Cimarron County has taken a group act to state. Suzie Strasner took her act, "Batteries Not Included" to district Share the Fun, and she won second place individual.

YEARBOOK STAFF

Making an annual is definitely not one of the easiest things to do in life. You have deadlines to meet, pages to make up, pictures to crop, copy to type, and many headaches between.

It takes our staff an average of eight hours to complete one page. If you will take eight times the number of pages you find in this annual you will have the approximate time we spent preparing this book for you. Enjoy our 50th anniversary yearbook.

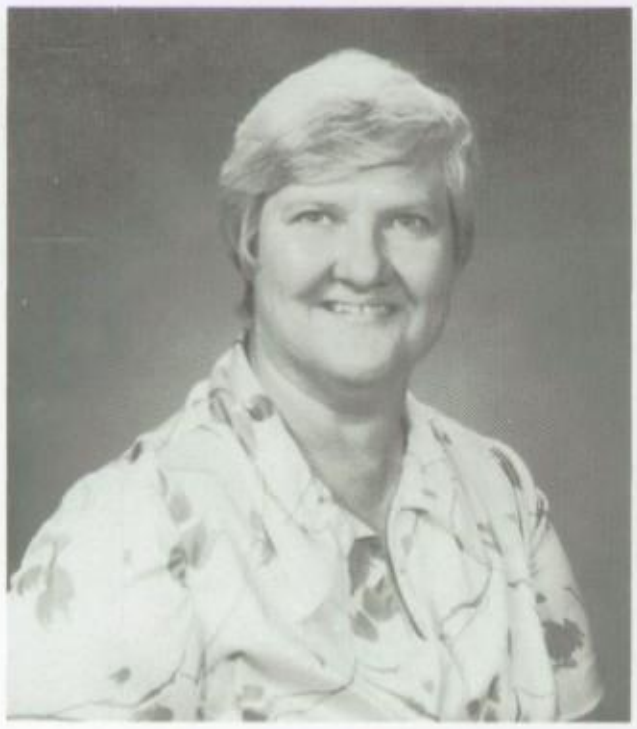
SPIRIT BOOSTERS



Mrs. Stark, Sponsor

The Spirit Boosters have done a super job this year supporting their teams in all the sports events. We know that without them the teams would not be nearly as competitive. The Boosters also helped with several projects to help beautify the school.

"They Went Thataway," But the audience stayed in their seats and watched the Seniors as they put on their class play this year. We had a lot of fun this year, as usual, putting on the play, even though we didn't have much time to put it together.

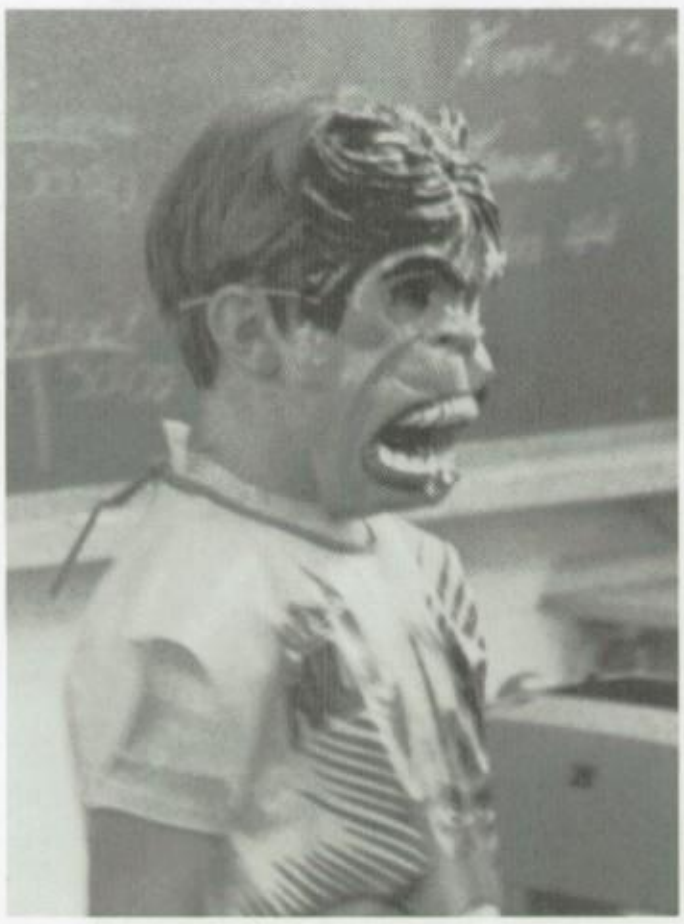
LITTLE SPOOKS RIDE AGAIN



This year the "little spooks" had a parade that went up main street and through the high school. Bud Harriman escorted them in his police car. To conclude their day, they went back to the grade school and had a Halloween Party.

The KHS cheerleaders have done a super job of starting out team spirit, and keeping it going. Although there are only four of them, the quantity has no reflection on the superior quality of their cheers. The athletic teams are greatly appreciative of these girls, and we know that without them our teams would not be what they are. Keep up the good work.

But ch Walters

The junior high boys' basketball team has done a great job this year. They have won and lost a few, and they have had their share of fun and excitement. They have also experienced the feeling of losing with good sportsmanship. This year they received a good sportsmanship trophy at the Straight Tournament.

COOKS AND CUSTODIANS

This year the cooks and custodians of Keyes have done a swell job. The cooks have prepared many fine meals, and the custodians have done a great job in keeping our schools clean. From all of us at Keyes Schools, we would like to say, "Thank you for everything that you have done."

SUBSTITUTE TEACHERS

These are the citizens of our county who come in and take over for our own teachers in case they are sick or are unable to come to school on a particular day. They go far beyond the call of duty and they help the school system in a unique way. They are unique in a way because sometimes they are notified to come and teach at a thirty minute notice. If they are called, they will usually drop whatever they had planned for the day and help the school out by teaching school for an absent teacher.

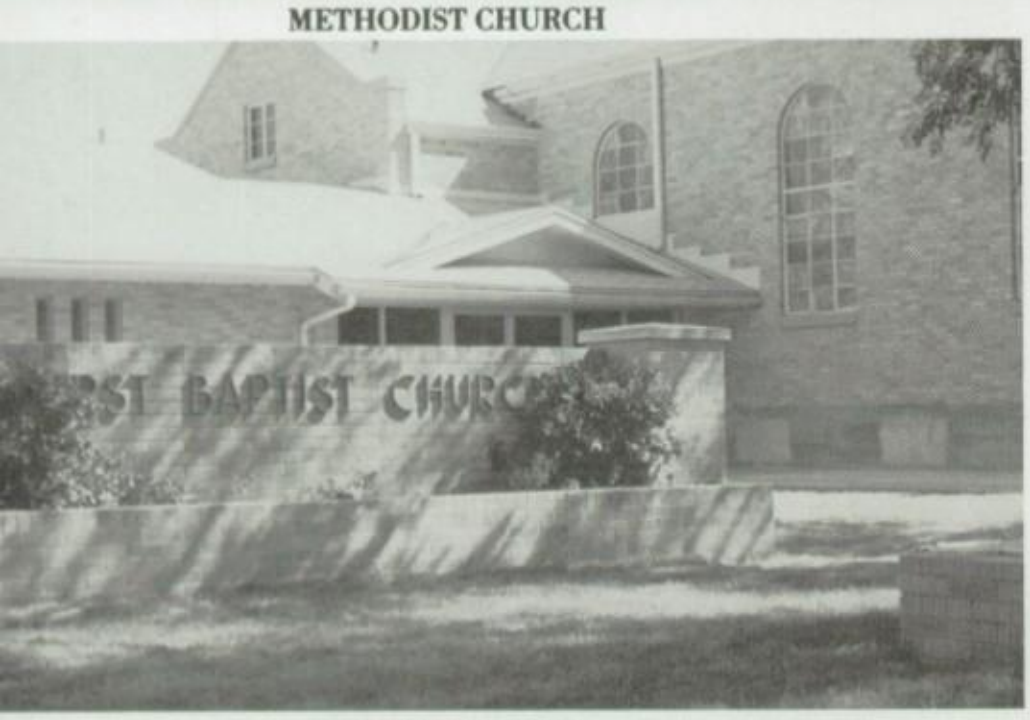
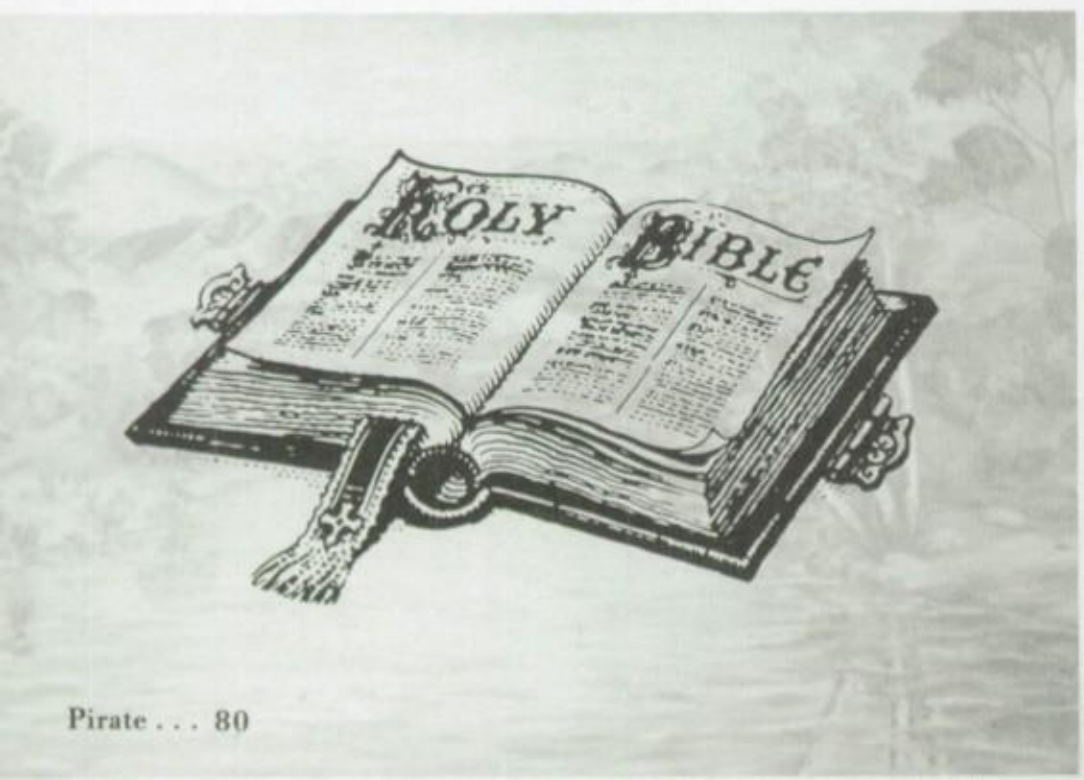
METHODIST CHURCH



BAPTIST CHURCH

CHURCH OF CHRIST



The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: he leadeth me beside the still waters. He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil, my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

This concludes the 1981 Pirate
We hope you have enjoyed it to the extreme
Maybe it has brought back old dreams.
The school has endured through thick and thin
These walls hold many secrets within.
Fifty years have past since this school started,
And many good friends have since parted.
We have done our best
To open up your memory chest.
We hope you will continue to reminisce
For many years you can keep on looking at this.
